RE: Republican Party of Sacramento County (Fed. Account)

FEC ID: C00254490

Form 99

In response to the FEC's inquiry dated September 12, listed below is our response to item 1.

Item 1:

The committee reported a debt that was incurred in relation to the 2013 Crab Feed Dinner. To ensure the accrual of this debt was reported with the correct event allocation, we designated the expense in our campaign software as a debt attributable to the event. Unfortunately, due to a software glitch, when an accrual is entered in our compliance software, a corresponding MEMO transaction pulls to the H4 Schedule along with the transaction on Schedule D. We apologize for the confusion and hope this clarifies the matter.

Sincerely,

Bryan Burch
